

Declaration of John Martin Blink

April 21, 2013:

Chuck Foster had asked that I meet potential investors for the WishCruise Pirate Adventures business. This was to be more of a social, get to know each other meeting to which I was eager to participate.

The meeting was held at the Circus Circus Hotel/Casino in Las Vegas Nevada, more specifically the meeting was held in 'The Steak House' a specialty eatery located within the property.

My role was as a support member of the business and ardent supporter of my long time friend Mr. Chuck Foster. Present for the dinner/meeting were: Chuck Foster, Mary Ann Mercer, Dan Howard, Mary Carson, Dale Merkel, Theresa Keeping and myself.

Throughout the entire dinner/social event we each shared something about our selves, our beliefs and of course our 'life's loves'. I was somewhat captivated hearing about the background of Theresa Keeping. The picture was painted to me as a caring, loving individual with an 'Indian Heritage' who loved the arts and philanthropy.

The actual business briefing was held to the last part of the evening as Chuck only briefed both Theresa and Dale on the foundation and reasoning for all of us to be involved in such a worthwhile partnership to benefit children with debilitating and life shortening diseases. Both Theresa and Dale seemed very impressed with the opportunity to contribute to the benefit of such a worthy cause but at the same time anchored by a profitable and potentially high growth opportunity. Chuck left Theresa and Dale a copy of the business plan to preview prior to their next meeting.

We adjourned late that evening and it was agreed that Chuck, Mary Ann, Dan Howard along with Dale and Theresa would meet later that week in Long Beach, California for a tour of the harbor facilities and a much more in-depth study of the business plan.

It should also be noted that my relationship with Mr. Foster goes back to the early 80's. At that time I was the Director of Sales/Marketing for the California

Hotel/Casino in Las Vegas, Nevada. Through a mutual friend, I was introduced to Mr. Foster who had a fresh marketing idea. From that first meeting, I have been fortunate to have been a part of several major Las Vegas events produced by Mr. Foster. Each of those events have brought fresh thoughts to what Las Vegas can offer and each event was a complete success for all involved. Chuck Foster is more than an idea man, he is a complete promotion master from inception to completion with every detail well thought out and orchestrated to final completion.

I hereby declare, upon information and belief, and would testify as such, that the information I have given is, to my best knowledge and recollection, truthful and so state this under penalty of perjury according to the laws and statutes of Canada and the State of California.
