Theresa/Dale -- Please give me a call to get Bank of America on-line banking access details, i.e.

user/log-in name

site key image

site key name

password

answers to the three security questions.

This is how you'll be able to monitor bank account balances and transactions anytime, anyplace and from anywhere.

G'nite

P.S. -- So I know you're getting my emails, when received, simply push "return" on your computer, tablet or phone. Unless you have something to say, no response message is needed; Also, code your computer junkmail or security features to accept emails from wishcruisenavy.org, wishcruiseirate.org and wishcruiseirates.org.
